

Pheisolene

Ingredients

- 1 1/2 lb hamburger
- 3 cn tomato soup (Campbell's)
- 2 cn creamed corn
- 2 cn pitted black olives
- 1 large onion chopped
- 1 clv garlic crushed
- 12 oz elbow macaroni
- 8 oz shredded cheese
- 0 salt to taste
- 0 pepper to taste

Instructions

<p>Brown the hamburger with the onions and garlic. Start heating the water for the macaroni at the same time. Add the tomatoe soup to the hamburger when it is done. Let the soup/hamburger mixture simmer until the macaroni is done. Drain the macaroni. In a large bowl combine all ingredients. Mix well. It's hard to get enough salt and pepper so add to taste. You can eat it now or put it into a cassarol dish and bake it at 325 degrees until you see the cheese bubble up to the top. Enjoy.</p>
